

Session 1 Tuesday and Wednesday Class Bios

Compass Annual Registration Fee (uses this link to join the program)

<https://omella.com/d83vm>

Once joined you will receive a band app invite, with that invite you will be able to join and pay for classes, and access community events.

1:10pm -2:10pm

Vex Go, Robotics (K-5th)

Teacher: Gloria Cornell

Cost: 45\$

Calling future robot commanders! This 5-week VEX GO Intro Class is your launchpad into the world of robotics. We'll explore building fundamentals, programming basics, and even tackle fun challenges with the user-friendly VEX GO system. This class is a prerequisite for our advanced 10-week VEX Go Robotics courses, but with teacher approval, students who have tinkered with VEX before can join too! Get ready to have a blast, learn essential skills, and build your path to robot mastery!

Intro to Rhythm (K-3th)

Teacher: Catherine Behrenst

Cost: 40\$

Learn some basic body rhythms and use a variety of instruments to create rhythm. Students will also make some of their own instruments in this class.

Creative Writing (15 weeks) (5th-12th)

Teacher :Kristi Simpson

Cost: 175\$

This class will focus on the creation of a well structured short story. We will address how to Brainstorm, draft, revise and polish the stories. We will also work on word choice, punctuation, and grammar.

Small Engine Repair (10 weeks) (12 years old and up)

Currently on HOLD, as our planned teacher will now be attending college in OR.

Teacher:

Cost:

2:15pm -3:15pm

PE (K-5th)

Teacher: Amy Johnson

Cost 40\$

Calling all active kiddos! Get ready to jump, run, and throw. We'll build friendships while learning awesome skills like catching and teamwork. This class is all about having fun, burning energy, and learning more about each other and how God made us unique!

Bucket Drumming (15 weeks) (3rd-12th)

Teacher: Catherine Behrenst

Cost: 175\$

Be a part of the new percussion that's buckets of fun! Students will learn rhythm using a variety of styles and techniques on standard plastic buckets. Possible performance opportunities with this class.

Conversation Spanish (25 weeks) (5th-12th)

Teacher: Kirsti Simpson

Cost: 300\$

A year long immersive based class that teaches Spanish in a conversational capacity. Emphasis will be on pronunciation and fluency with the spoken word.

3:20pm-4:20pm

LEGO (K-5th)

Teacher: Mara Jacobsen

Cost: 40\$

Brick builders unite! Unleash your creativity and have a blast in LEGO Club! We'll build amazing creations, while learning cool engineering and design skills. Get ready to collaborate with friends, problem-solve, and see your imagination come to life with LEGO bricks!

Cooking (3rd-12th)

Teacher: Shelly Tindall

Cost: 45\$

Welcome to our exciting cooking class where we will explore five different stove-top cooking methods! Throughout this course, you will delve into the art of sautéing, poaching, pan-frying, steaming, and stir-frying a variety of foods to perfection. Each week, we will focus on a distinct cooking method, allowing you to hone your skills and gain a comprehensive understanding of each technique.

As part of the learning experience, students will have the opportunity to work collaboratively in groups, putting their newfound knowledge into practice by creating delicious meals to share with each other. This hands-on approach will not only enhance your cooking abilities but also foster a sense of camaraderie as you cook, learn, and dine together.

Whether you are a novice cook eager to learn fundamental stove-top cooking skills or a culinary enthusiast looking to expand your repertoire, this class offers a dynamic and engaging environment for culinary exploration. Get ready to embark on a culinary journey filled with flavors, techniques, and creative cooking experiences!

VolleyBall/BasketBall (10 weeks) (4th-12th)

Teacher: Amy Johnson

Cost: 110\$

Calling all ballers! This 10-week combo class is a slam dunk for grades 4-12. We'll spike, shoot, and set our way to becoming well-rounded athletes, mastering the fundamentals of both volleyball and basketball. Get ready to learn new skills, build teamwork, and have a blast with classmates who share your love for the game! This high-energy class is perfect for anyone who wants to dominate the court, regardless of experience

Wednesday Session 1

1:10pm - 2:10pm

PE (K-5th)

Teacher: Amy Johnson

Cost 40\$

Calling all active kiddos! Get ready to jump, run, and throw. We'll build friendships while learning awesome skills like catching and teamwork. This class is all about having fun, burning energy, and learning more about each other and how God made us unique!

Intro Guitar (15 weeks) (2nd-12th)

Teacher: Anna Kerr

Cost: 200\$

Sessions 1-3

Unleash your inner musician and learn to play your favorite worship songs on guitar or ukulele! This 15-week beginner class will guide you through chords, strumming patterns, and techniques to bring your musicality to life. We'll focus on worship songs from various genres, allowing you to express your faith through music. Bring your own guitar or ukulele and get ready to make a joyful noise! A recital will wrap up the semester showcasing the students' new found skill.

Theater (15 weeks) (6th-12th)

Teacher: Michelle Whitaker

Cost 200\$

Calling all thespians (and those who dream of being one)! Unleash your inner performer in this exciting theater arts class for grades 6-12. We'll explore acting, voice, and movement, building confidence and teamwork. Throughout the semester, we'll delve into the world of theater, culminating in a thrilling final performance where you'll get to shine on stage!

* This class meets 1 semester High School Fine arts standard.

Latin 2 (28 weeks) (6th-12th)

Teacher Joanie Tindall

Cost 310\$

Sessions 1-5

Dive into the exciting world of Latin with this engaging class! We'll use the award-winning Visual Latin curriculum to bring the language to life with videos and activities. Additionally, we'll delve deeper into grammar concepts to solidify your understanding. To ensure you grasp everything,

weekly 30-minute Zoom calls will provide opportunities for review and questions. Please note, this class requires purchasing the Visual Latin 2 curriculum.

*This class meets 1 HS language standards.

2:15pm -3:15pm

Discovering Chemistry: Engaging Class for Kids Ages 5-12

Teacher: Madeline McCullough

Cost: 40\$

"Discovering Chemistry" is a dynamic class designed for children ages 5 to 12, providing an introduction to fundamental chemical concepts through exciting, hands-on experiments. This class aims to ignite a passion for science and enhance understanding of how everyday materials interact.

Key Learning Outcomes:

- **Basic Chemistry Concepts:** Understanding the states of matter, basic chemical reactions, and the role of elements and compounds.
- **Engaging Experiments:** Participants will conduct safe, age-appropriate experiments including creating a color-changing milk display, making invisible ink, erupting mini volcanoes, and crafting homemade slime.
- **Critical Thinking:** Encouraging scientific inquiry and problem-solving skills through observation and experimentation.
- **Safety Awareness:** Emphasizing the importance of safety procedures in chemistry.

Kids will leave the class with newfound knowledge and enthusiasm for science, equipped to explore more complex concepts as they grow.

Vex IQ, Robotics (intro class) (4th-9th)

Teacher: Shannon Willamson

Cost: 45\$

Calling all robot builders! Ready to bring your creations to life? This Vex IQ Intro Class is your first step into the exciting world of robotics. We'll explore the basics of building robots with the user-friendly Vex IQ system, learning about motors, sensors, and programming. No prior experience is required, but this class is a prerequisite for our advanced 10-week Vex Robotics courses offered in other sessions. With teacher approval, students who have taken another Vex class can also jump in!

Latin 1 (28 weeks) (6th-12th)

Teacher: Joanie Tindall

Cost 310\$ (Sessions 1-5)

Dive into the exciting world of Latin with this engaging class! We'll use the award-winning Visual Latin 1 curriculum to bring the language to life with videos and activities. Additionally, we'll delve deeper into grammar concepts to solidify your understanding. To ensure you grasp everything, weekly 30-minute Zoom calls will provide opportunities for review and questions. Please note, this class requires purchasing the Visual Latin 1 curriculum..

*This class meets 1 HS language standard.

PE (15 weeks)

Teacher Amy Johnson

Cost 175\$

Gear up for an awesome PE experience! Join us for a blast of fun and fitness. We'll explore a variety of activities, while learning different muscle groups, building strength and coordination. But this class is more than just sweat - we'll celebrate teamwork and build a supportive community. Through all the fun, we'll also discover the amazing design of our bodies and point you to God, the incredible creator behind it all!

3:20pm- 4:20pm

LEGO (K-5th)

Teacher Mara Jacobsen

Cost 40\$

Brick builders unite! Unleash your creativity and have a blast in LEGO Club! We'll build amazing creations, while learning cool engineering and design skills. Get ready to collaborate with friends, problem-solve, and see your imagination come to life with LEGO bricks!

Woodworking (2-7th)

Teacher: Anna Kerr

Cost 45\$

Calling all creative carpenters! Level up your woodworking skills in this fun 5-week class! We'll build a classic birdhouse, a treasure chest to hold your loot, and even a tabletop pucket game for friendly competition. Feeling nostalgic? We'll also revisit and refine some favorite projects from last year, including the hook and ring game and a cool shadow box to showcase your finds. This class is perfect for beginners and returning students alike – get ready to have a blast while learning new techniques and building keepsakes that will last!

Cooking (3rd-12th)

Teacher: Shelly Tindall

Cost: 45\$ plus weekly ingredient donations

Welcome to our exciting cooking class where we will explore five different stove-top cooking methods! Throughout this course, you will delve into the art of sautéing, poaching, pan-frying, steaming, and stir-frying a variety of foods to perfection. Each week, we will focus on a distinct cooking method, allowing you to hone your skills and gain a comprehensive understanding of each technique.

As part of the learning experience, students will have the opportunity to work collaboratively in groups, putting their newfound knowledge into practice by creating delicious meals to share with each other. This hands-on approach will not only enhance your cooking abilities but also foster a sense of camaraderie as you cook, learn, and dine together.

Whether you are a novice cook eager to learn fundamental stove-top cooking skills or a culinary enthusiast looking to expand your repertoire, this class offers a dynamic and engaging environment for culinary exploration. Get ready to embark on a culinary journey filled with flavors, techniques, and creative cooking experiences!

Vex V5, Robotics, Stem (28 weeks) (6-12th)

Shannon Willamson

Cost 300\$

Calling all robot enthusiasts! Gear up for a year-long adventure in VEX Robotics! This combined VEX V5 and VEX IQ class will build your skills step-by-step, from basic construction to advanced coding. We'll tackle problem-solving challenges, learn to think like engineers, and most importantly, work together as a team to design and build a competition-worthy robot. Get ready to push your limits, have a blast, and prepare to move closer to getting to a competition level.

PE (5th-12)

Teacher: Amy Johnson

Cost 175\$ (15 weeks)

Gear up for an awesome PE experience! Join us for a blast of fun and fitness. We'll explore a variety of activities, while learning different muscle groups, building strength and coordination. But this class is more than just sweat - we'll celebrate teamwork and build a supportive

community. Through all the fun, we'll also discover the amazing design of our bodies and point you to God, the incredible creator behind it all!
